

PRODUCT SAFETY DATA SHEET/CHEMICAL SUBSTANCE OR PRODUCT DATA

According to 1907/2006/EC, Article 31

Date: 26.10.2018.

Product trade name: **“WOOD FILLER” WEATHER RESISTANT PASTE FOR WOOD SURFACES FOR INTERNAL AND EXTERNAL APPLICATION**

1. SUBSTANCE/PRODUCT AND ENTERPRISE/COMPANY NAME

1.1. Substance/ product name **WOOD FILLER WEATHER RESISTANT PASTE FOR WOOD SURFACES FOR INTERNAL AND EXTERNAL APPLICATION**

1.2. Company/enterprise information

Supplier: MERITREID OÜ.
Koke küla, Roiu, Kastre vald
Phone/Fax +372 5039937

1.3. Emergency phone number:

+372 5039937

Supplier:

03

Ambulance:

112

Rescue Department:

Poisoning and Medicines Information
Centre

2. HAZARDS IDENTIFICATION

2.1. The product is not classified as dangerous

3. PRODUCT INGREDIENTS/INFORMATION ON INGREDIENTS

**USE ON WOOD SURFACES FOR
INTERNAL AND EXTERNAL
APPLICATION**

3.1. Description(intended use):

3.2. Consists of:

Natural Calcium Carbonate(up to 74%)
CAS No. 1317-65-3
Acrylate polymer water dispersion

- | | | |
|------|----------------------------------|-----------------------|
| 3.3. | Information on harmful | No |
| 3.4. | Warning symbols, hazard symbols: | No |
| 3.5 | Safety phrases | Protect from children |

4. FIRST AID MEASURES

- | | | |
|--|---|-------|
| 4.1. General information/special instructions: | Fresh air, clean clothes, tranquility | Fresh |
| 4.2. Breathing: | air, tranquility | |
| 4.3. Skin contact: | Rinse with plenty of water | |
| 4.4. Eye contact: | Rinse eyes with plenty of water, in case of serious vision problems search for medical help | |
| 4.5. If swallowed: | Search for medical help | |

5. FIRE-FIGHTING MEASURES

- | | |
|---------------------------------------|------------------------------|
| 5.1. Advisable fire fighting weapons: | The product is not flammable |
| 5.2. Additional information: | No |

6. ACCIDENTAL RELEASE MEASURES

- | | |
|-------------------------------|--|
| 6.1. Environmental protection | In case of spilling, collect and transfer the product to the recycling containers. Protect against entering into sewer system. |
|-------------------------------|--|

7. HANDLING AND STORAGE

- | | |
|------------------------|---|
| 7.1. Use:
supply of | Working areas must have constant ventilation. Do not drink and eat in working areas. Use protecting glasses and gloves. Forbidden to spill into sewer system. |
| 7.2. Storage: | In appropriately labeled, sealed packages. As a packaging can be used stainless steel, polyethylene containers, etc. The product shall be kept at the temperature from +5 Celsius degrees to +25 Celsius degrees. Shall not be kept with food products and animal feed. |

8. EXPOSURE CONTROL/PERSONAL PROTECTION

- | | |
|----------------------------------|--|
| 8.1. General requirements:
of | To observe prerequisites for safe use
product |
|----------------------------------|--|

- | | |
|---|---|
| 8.2. Respiratory tract protection:
normal use. | No need of special protection for |
| 8.3. Hands protection:
gloves | Working with product use water-proof

and protecting crème. |
| 8.4 Eyes protection:
normal use. | No need of special protection for

Working with large quantities and
pulverizing, using of individual protection
weapons required: protecting glasses, gloves,
respirator. |

9. PHYSICAL AND CHEMICAL PROPERTIES
--

- | | |
|---------------------------------------|-------------------|
| 9.1. Appearance: | Pasty mass |
| 9.2. Colour: White, or toned | |
| 9.3. Odour: Specific for this product | |
| 9.4. pH: 8-9 | |
| 9.5. Freezing temperature: | 0 Celsius degrees |
| 9.6. Boiling point: Not applicable | |
| 9.7. Explosivity: Not applicable | |
| 9.8. Density at 23 Celsius degrees | 1,8+-03 g/cm3 |
| 9.9. Solubility in water | Not limited |

10. STABILITY AND REACTIVITY

- | | |
|---|---------------------------------|
| 10.1. Stability:
conditions | The product is stable in normal |
| 10.2. Avoid... Substances reacting with water | |

11. TOXICOLOGICAL INFORMATION

- 11.1. No data on the dangers

12. ECOLOGICAL INFORMATION

- 12.1. Not dangerous for water or other organisms

13. DISPOSAL CONSIDERATIONS

- | | |
|--------------------------------------|--|
| 13.1. Product waste:

service. | Waste collected in accordance with the
specific requirements of State public |
| 13.2. Packaging waste: | Packaging disposal should happen in
accordance with the specific requirements of
State public. |

14. TRANSPORT INFORMATION

14.1. Transport and transfer not limited

15. REGULATORY INFORMATION

15.1. Safety, health and environmental regulations

Regulation (EC) NO 1907/2006 of the European Parliament and of the council of 18 December 2006.

Regulation (EC) NO 1272/2008 of the European Parliament and of the council of 16 December 2008.

15.2. Chemical safety assessment

The supplier has not carried out chemical safety assessment for the mixture. In accordance with provisions of REACH regulation carrying out of chemical safety assessment for this product is not required.

15.3. Remark

The user's attention is drawn to possible existence of National, International and local regulations governing the product.

16. OTHER INFORMATION

16.1. Intended use:

**USE ON WOOD SURFACES FOR
INTERNAL AND EXTERNAL
APPLICATION**

16.2. Instructions and limitations:
instructions,

According to the work safety

16.3. Other information:
the

developed by the Company.
Maintained information is based on

manufacturer's current knowledge and
The user should make independent decisions
regarding the suitability of mentioned
information to ensure proper disposal of this
product, to protect employee and customer
health and safety, and ensure environmental
protection.
